## **NEW!!!: Monthly Employee Educational Webinars**

- There is a change to how Empower provides participant education webinars. Participants will now access their education through a learning center, [www.learningfromempower.com](http://www.learningfromempower.com)
- Participants will use this site to register, and rather than monthly, webinar registrations be posted 3 months at a time so participants can sign up for the topics of their choice.
- All webinars will now be recorded and available for participants and plan sponsors to re-watch once all sessions are complete. **(NEW)**
- Participants will now be directed to an open session of the topic they are interested in rather than searching for an open session on their own. **(NEW)**
